6 – 8 p.m.  
City of Sugar Land City Hall  
City Council Chambers  
2700 Town Center Blvd. North  
Sugar Land, TX 77479

## **H-GAC to Introduce Air Quality Analysis of Region's Transportation Plans**

**Join H-GAC at an upcoming public meeting to be part of the  
mobility and air-quality solution**

With the recent release of the latest **2025 Regional Transportation Plan (RTP) with Conformity** and the **2006 – 2008 Transportation Improvement Program (TIP)**, the Houston-Galveston Area Council (H-GAC) is hosting several public meetings throughout the region to provide an opportunity for you to participate and provide input.

After nearly three years of development and public input, the 2025 RTP with Conformity and the 2006-2008 TIP are now in one of the last stages of local development prior to submittal for state and federal approval.

Your participation is key to the success of transportation planning, ensuring that shared values can be put into positive action for the region's future. The public comment period for the RTP and TIP will continue through April 1, 2005.

### **What is the RTP?**

The 2025 RTP is the comprehensive, long-term plan that identifies the transportation needs and improvements that will be required to keep up with expected population growth in the Houston-Galveston region in the next 20 years. An air quality conformity analysis on the 2025 RTP was recently conducted by H-GAC to ensure that projects within the plan meet our region's air quality goals.

### **What is the TIP?**

The 2006-2008 TIP is the comprehensive listing of transportation projects to be considered for federal funding and implementation within the next three years.

For more information, a copy of the plan or to provide comments on the plan:
